

## **Guidelines for advising a Summer Student Fellow or Guest Student**

Any Scientific Staff member or Senior Research Specialist, Principal Engineer, or Senior Information Systems Specialist can be primary or sole advisors of Summer Student Fellows or Guest Students.

Research Specialists, Senior Engineers, and Information Systems Specialists can be primary advisors of Summer Student Fellows or Guest Students with permission of the Dean.

Permission of the Dean should be sought after consultation with the relevant Department Chair and Education Coordinator to ensure there is appropriate logistical support such as space, supplies, analytical services and other research requirements.
